Nicolas has fifteen years of experience in the development sector with a wide range of organisations ranging from non-governmental to international organisations. Throughout his career, Nicolas gained an in-depth knowledge on the various aspects of the EU project cycle management ranging from the formulation, the implementation and the monitoring and evaluation.

Laura counts on fifteen years of professional experience in managing international development cooperation projects. She is very well versed with the development of tender dossiers and technical proposals for international bids launched by multilateral donors such as the European Commission, the World Bank, the Department for International Development and Trade Mark East Africa.
